For items not collected from the collection point

The place to discard garbage will differ according to the type of garbage. Please separate the garbage according to the guidelines and take them directly to Tatebayashi Clean Center or Itakura Recycle Center. If you are unable to take them yourself, please contact a city - approved disposal company.

|                               |   |   |  |  |
|-------------------------------|---|---|--|--|
